MAYOR DENNIS TYLER  
**City of MUNCIE**  
MUNCIE, INDIANA

Dear National Speech and Debate Tournament Participants,

On behalf of the great city of Muncie, it is my pleasure to welcome you to the 2016 National Speech and Debate Tournament being hosted by the Ball State University Speech Team.

The City of Muncie is full of remarkable residents and businesses. Our community prides itself on diversity, equality and the welcoming of all of its citizens and visitors. We are committed to making Muncie a special community to live in, work in or visit.

While in our city, you will not only be able to enjoy the beautiful Ball State campus with its unique architecture and statues, but also the rest of Muncie and all it has to offer. Muncie has something for everyone. Shopping and dining in our historic downtown is an experience like no other. You can choose from a diverse combination of contemporary and traditional businesses and stores, and you will have no problem finding a quality meal in Muncie.

If you have the opportunity, I hope you will take time to visit our new one of a kind Courtyard by Marriott Hotel and Training Center. This Courtyard is a first-of-its-kind, fully-functioning teaching hotel designed to provide job training and employment for people with disabilities. It is a wonderful addition to our city and greatly improves quality of place and quality of life for not only our citizens but our visitors as well.

Again, welcome to the city of Muncie. Please enjoy your stay and visit us anytime!

Warmest regards,

Dennis Tyler, Mayor  
City of Muncie

Welcome to Ball State:

I am pleased to welcome you to the 2016 National Forensic Association Championship Tournament at Ball State University. We are honored to host this prestigious event and welcome nearly 1,500 guests to our community.

Participation on speech and debate teams provides a transformative entrepreneurial learning experience, which is highly valued here at Ball State. The professional skills students learn here will transfer to careers across the spectrum and instill a confidence that can be attained only through experience. Reaching this level of competition in speech and debate is a highly impressive feat, which we are proud to celebrate here today.

I am appreciative of your decision to join us on campus and understand that it came into question last year. I would like to reaffirm that Ball State University is strongly committed to being a diverse and inclusive campus that is welcoming of all community members. While this commitment has been evident in our mission, values, strategic plan, programs, and Beneficence Pledge for many years, we recognize that we can always do more. The Council on Diversity and Inclusion was formed in spring 2015 specifically to address student feedback on issues of inclusivity and has already achieved four sizable accomplishments: establishment of a student Multicultural Advisory Board, a new website that highlights diversity programs and services, the hire of Multicultural Ambassador Corps members as campus tour guides, and a diversity app that will launch before the end of spring 2016 to connect students with campus resources.

I am grateful for the collective efforts on campus from our students, faculty, and administration to advance our commitment to inclusivity and diversity. It is key to our ability to meet our strategic goals—and it is the right thing to do as we move forward, together.

I wish all competitors the best of luck and hope you enjoy your time on our campus. The future is bright at Ball State University, and we are glad you're here.

Best Regards,

Dr. Terry S. King  
Acting President  
Ball State University

Greetings Forensicators!

It is our pleasure to welcome you to Ball State University! As the event planning crew, we are so glad to have the opportunity to share in the culture that is *speech*. Congratulations on qualifying for NFA 2016 and good luck this weekend!

To introduce ourselves, we are your go-to people this weekend. As current Ball State students, we've been coordinating this tournament and are so excited that it's finally here. We want to ensure you have the best possible experience; if you need absolutely anything this weekend, do not be afraid to find someone in an electric blue "NFyay" shirt! We have planned a multitude of services to meet your needs during the tournament. You can find our concierge table in the Arts & Journalism building near the ballot table. There, we can offer assistance with dinner reservations, VA check, emergency pantyhose, and much more.

Near this location, we will be selling souvenirs for you to commemorate your accomplishments and experience during NFA 2016, including koozies, lapel pins, t-shirts, laptop stickers, etc. To keep updated on the fun, follow us on social media! You can find us on Twitter and Snapchat @NFAatBSU16.

We recognize the importance of diversity and strive for inclusion on our campus. In response to the recent legislation in our state, we have decided to create an opportunity for people to express their feelings towards such discriminatory legislation. Please stop by our interactive exhibit, which will also be in the Arts & Journalism building near the ballot table.

Most of all, we want you to enjoy your time at Ball State. As you experience this weekend, remember to HAVE FUN and let us know if there is anything we can do to make your time here even more **spectacular**.

Good luck and chirp chirp!

## Bus information

Stops are indicated on the map. To go south, wait on the west side of the road. To go north, wait on the east side of the road. The stops at the north and south commuter lots are the “turnarounds.” For the most part, both the BSU shuttle bus and the city (MITS) bus make the same stops— you are invited to use any bus that stops at your stop. The exception to this is that the southbound MITS bus will turn east at University Ave. (it will not continue on to the student center), and the northbound MITS will not stop at the north turnaround at the commuter lot. All buses are free for students.

## Center for EMDD

The Center for Emerging Media Design & Development is the home for Ball State University's storytelling lab and master's degree designed for the 21st century. The center is a holistic learning environment that pairs a traditional graduate curriculum (Year 1: theory, methods, and particularistic courses) with a hands-on lab experience (Year 2: creative project and research labs) in which students work with public and private partners to solve real problems.

### Why EMDD?

- Work with professional partners including Professor Garfield, the Indianapolis Symphony Orchestra, and Circle of Blue.
- EMDD is interdisciplinary. Learn about design thinking, transmedia storytelling and UX/UI design.
- The GRE is not required
